SYLLABUS

1 Brief discipline annotation

This academic discipline is the theoretical foundation for a set of knowledge and skills developing the profile of a professional in the specialized area. The discipline provides students with the necessary theoretical knowledge and practical skills in the legal support of professional activities, which is crucial to modern professionals. Knowledge of the discipline allows improving the quality of professional activities and, as a consequence, ensuring the sustainable development of the enterprise.

2 Background for studying discipline

Background for studying the Law academic discipline is the study of general regularities of emergence, development and functioning of the state and law, the system of basic concepts of jurisprudence, as well as forms and mechanisms of the state and law, the relationship of legal systems, modern political and legal doctrines.

3 Goal and objectives of the discipline

The goal of the Law academic discipline is to study general regularities of emergence, development and functioning of the state and law, the system of basic concepts of jurisprudence, as well as forms and mechanisms of the state and law, the relationship of legal systems, modern political and legal doctrines, etc. Law is a complex legal discipline based on a system of scientific knowledge from different areas of legal science.

- Objectives of the discipline: a great focus will be on the characteristics of individual legal norms of economic, civil, administrative, criminal and business law, coverage of new laws and other regulatory acts.

4 Learning outcomes

PLO 15. To act in a socially conscious manner based on ethical principles of marketing, respect for cultural diversity and civil society values, observing individual rights and freedoms.

PLO 17. To show written and oral professional communication skills in state and foreign languages, as well as the appropriate use of professional terms.

PLO 18. To show a responsible attitude to moral, cultural, scientific values and social achievements in professional marketing activities.

5 ECTS credits

4 ECTS credits / 120 academic hours

10

Assessment system and requirements

As part of discipline teaching, one carries out current and final control of students' knowledge. The final grade in the form of an exam is given according to the total rating of students.

QR Code: <https://ie.u.edu.ua/docs/pol-mark-esb.pdf>

According to the results of current control during a semester, students can obtain 100 points maximally, the minimum sum of points allowing students to pass the discipline is 60 points.

Correlation between national and ECTS grades and student rating: QR Code: <https://ie.u.edu.ua/docs/pol-mark-esb.pdf>

SYLLABUS

11 Admission to final control

The minimum amount of points that should be obtained by students for current educational activities during a semester to be admitted to the final control is 36 points. The grade for the discipline is defined as a sum of the final points for current activities and the points for the final control and is expressed due to the multipoint scale.

The grade for the discipline completing with the exam is determined as the sum of points for current learning activities (at least 36), points for individual independent work of students (no more than 6) and points for the test (at least 24).

The overall points of the discipline are 100. The total grade for the discipline is given according to the national and European scale.

The final control in the form of an exam is carried out after learning all the topics of the discipline, during the examination session.

12 Discipline policy

To ensure fruitful learning and cognitive activities of students while studying the discipline, one holds relevant lectures and seminars in the form of presentations, group work and discussion seminars.

During classes and at the University, students should respect lecturers, staff and other students, attend classes according to the schedule, come on time and not leave classes without lecturer's permission. All academic assignments should be performed by the deadlines.

The teaching staff should constantly advance their professional level, teaching skills, general culture, as well as provide students with appropriate conditions for learning educational programs according to the requirements for the content, level and capacity of education, and encourage their comprehensive professional development. Lecturers should follow the curriculum, not be late for classes, not allow any manifestations of corruption, discrimination, bullying, harassment and infringement of the students' rights.

13 Policy of absence and late task performance

Students who miss the current control for valid reasons confirmed by documents have the right to take current control within two weeks after returning to studying.

Students who have missed classes without valid reasons, have not participated in current control activities, have not liquidated academic failure are not admitted to the final semester control of this discipline. In this case, an academic staff member puts a mark 'non-admission' in the exam record.

Repeated taking of the exam in the discipline is appointed in case of accomplishing all types of educational, independent (individual) work stipulated by the working program of the academic discipline and is carried out according to the approved schedule of academic failure liquidation.
